

HLTSS00066 Infection control Skill Set (Food Handling)

National ID: HLTSS00066 | State ID: AE115

About this course

Description

The Infection Control Skill Set is designed to give you job ready skills to follow organisational infection prevention and control policies and procedures. This includes implementing standard and transmission-based precautions and responding to infection risks in organisations that include food handling in their operations.

This skill set is suited to those working in hospitality, particularly in food handling and front of house. Skills can be applied to specific industry needs such as using kitchens and packaging areas, staff rooms, food stock deliveries, bathrooms and toilets.

Overview

In order to comply with COVID-19 Government directed social distancing guidelines, some courses may include a mix of online and classroom based training delivery, as well as practical and work experience placements.

While the mode of delivery might vary, the content and key learning outcomes of the course will remain the same.

The precise mix of delivery method will vary from course to course. The time, place and method of delivery may also vary across the semester to ensure social distancing and safe training delivery for staff and students during the COVID-19 pandemic.

South Regional TAFE will provide students with adequate support to work in online environments where necessary.
