

RII30415 Certificate III in Resource Processing

National ID: RII30415 | State ID: AZF3

About this course

Are you ready to unearth a fine career?

This qualification will provide you with the practical skills and knowledge necessary for employment as a processing technician in a resources processing facility. You will gain the knowledge and skills to operate and monitor equipment including conveyors and value systems in a metalliferous processing plant facility or a coal preparation and treatment plant. You'll learn how to conduct site sampling and testing of samples commonly used in the mine processing industry, and an insight into OHS, the mining industry and the equipment used in plant processing.

Study modes and durations differ depending on your local campus. Please check with your local campus for more information.

Overview

In order to comply with COVID-19 Government directed social distancing guidelines, some courses may include a mix of online and classroom based training delivery, as well as practical and work experience placements.

While the mode of delivery might vary, the content and key learning outcomes of the course will remain the same.

The precise mix of delivery method will vary from course to course. The time, place and method of delivery may also vary across the semester to ensure social distancing and safe training delivery for staff and students during

the COVID-19 pandemic.

South Regional TAFE will provide students with adequate support to work in online environments where necessary.

Available Semester 1 & Semester 2, 2020

Bunbury - Traineeship

Duration: **12 Months**

When: **Available Semester 1 & Semester 2**

How: **T
Traineeship**

Units

Not all units and study modes are offered at all campuses. Please check with your local campus.

Core

National ID	Unit Title
RIICOM201D	Communicate in the workplace
RIIENV302D	Apply environmentally sustainable work practices
RIIQUA201D	Maintain and monitor site quality standards
RIIRIS301D	Apply risk management processes
RIIWHS201D	Work safely and follow WHS policies and procedures

Elective

National ID	Unit Title
RIIPBE201D	Conduct aeration process

National ID	Unit Title
RIIPBE204D	Conduct reduction process
RIIPBE306D	Conduct leaching process
RIIPBE311D	Conduct magnetic separation
RIIPGP201D	Conduct pump operations
RIIPGP301D	Conduct drying activities
RIISAM202D	Isolate and access plant
RIIWBP203D	Monitor tailings dam environment

Entrance requirements

School Leaver	Non-School Leaver	AQF
OLNA or NAPLAN 9 Band 8	C Grades in Year 10 English and Maths or equivalent	Certificate I or Certificate II

Study pathway

- Certificate IV in Resource Processing
- Diploma of Minerals Processing
- Advanced Diploma of Metalliferous Mining

Job opportunities

This qualification is designed to provide you with a range of practical skills, technical training and communication skills for a career in the mining and resources industry;

- Production Operator
- Process Plant Operator
- Processing Technician

- Mineral Processing Technician
