

AUR20516 Certificate II in Automotive Servicing Technology

National ID: AUR20516 | State ID: BAD1

About this course

This qualification covers the skills and knowledge required to perform a range of servicing operations on light vehicles, heavy vehicles and/or motorcycles within an automotive service or repair business. The Certificate II in Automotive Servicing Technology is intended to prepare new employees or recognise and develop existing workers who are performing servicing and maintenance of vehicles in an automotive service or repair business.

Study modes and durations differ depending on your local campus. Please check with your local campus for more information.

Overview

In order to comply with COVID-19 Government directed social distancing guidelines, some courses may include a mix of online and classroom based training delivery, as well as practical and work experience placements.

While the mode of delivery might vary, the content and key learning outcomes of the course will remain the same.

The precise mix of delivery method will vary from course to course. The time, place and method of delivery may also vary across the semester to ensure social distancing and safe training delivery for staff and students during the COVID-19 pandemic.

South Regional TAFE will provide students with adequate support to work in online environments where necessary.
