

FWP30216 Certificate III in Harvesting and Haulage

National ID: FWP30216 | State ID: BAL0

About this course

This qualification is designed for job roles in the harvesting and haulage sector of the forest and wood products industry. The harvesting and haulage sector is responsible for cutting down trees, plantation and native, and transporting them to a mill or port facility. The product might be timber logs or chip and the species harvested range from blue gum for woodchip, pine for chip and timber and native timber for chip or timber. Residues are also used for mulch, pelleting, bio fuel and oil production.

Study modes and durations differ depending on your local campus. Please check with your local campus for more information.
