

CPC32413 Certificate III in Plumbing

National ID: CPC32413 | State ID: J787

About this course

Does your career pipe dream involve real pipes?

When you complete the Certificate III in Plumbing you'll be looking at an in demand career as a plumber, or gasfitter. You will gain the knowledge and skills to work effectively in the construction industry, how to safely install, alter and repair pipe work services and appliances to suit domestic, commercial and industrial needs, cold and hot water supply, gas supply, sewage, waste and rainwater disposal, how to install and repair roofing, gutters and drain pipes, how to make buildings waterproof, and workplace health and safety.

The Certificate III in Plumbing is an apprenticeship; you must be employed in a training contract by an appropriate organisation to study.

Study modes and durations differ depending on your local campus. Please check with your local campus for more information.

Overview

In order to comply with COVID-19 Government directed social distancing guidelines, some courses may include a mix of online and classroom based training delivery, as well as practical and work experience placements.

While the mode of delivery might vary, the content and key learning outcomes of the course will remain the same.

The precise mix of delivery method will vary from course to course. The time, place and method of delivery may

also vary across the semester to ensure social distancing and safe training delivery for staff and students during the COVID-19 pandemic.

South Regional TAFE will provide students with adequate support to work in online environments where necessary.
