

Chainsaw

State ID: MAA11

About this course

Description

This course covers the process of maintaining, preparing and operating hand-held chainsaws in a work environment.

These skills can be transferred to the homestead, are useful for home gardeners and could lead to employment in parks and gardens or landscaping.

You will gain skills and knowledge in understanding the correct type of chainsaw for a particular task, how to use the chainsaw, maintain the chainsaw and store suitable personal protective equipment.

You will also carry out routine checks and maintenance on a chainsaw, apply appropriate chainsaw techniques, cutting methods according to manufacturer's specifications and documented low risk work procedures; assess and minimise environmental impacts of chainsaw use; maintain records of chainsaw training and certification, risk assessment and use.

Certification

On successful completion of this course, students will receive a statement of attainment for the following nationally accredited units:

AHCMOM213 Operate and Maintain Chainsaws

Overview

Important information
