

# Licence to Erect, Alter and Dismantle Scaffolding (Basic Level)

State ID: MAA74

## About this course

### Description

This course will provide you with the knowledge and skills required to gain a WorkSafe License to Perform High Risk Work in Basic Scaffolding Operations.

Anyone who wishes to obtain this license is required to complete this training.

The course covers:

- planning out your work
- selecting and inspecting equipment
- setting up for the task
- erecting and dismantling scaffolding

### Certification

On successful completion of this course, students will receive a statement of attainment for the following nationally accredited units:

CPCCLSF2001A Licence to Erect, Alter and Dismantle Scaffolding (Basic Level)

### Industry licensing information

**South  
Regional**

*We're working for  
Western Australia.*

This course will equip students with the correct qualifications to obtain a National High Risk Work Licence Class SB. Students must apply and pay for this license separately with WorkSafe.
