

Forklift

State ID: MAA82

About this course

Description

This course will provide you with the knowledge and skills required to operate a forklift truck safely. Participants will learn how to operate a forklift truck by planning the work, conducting routine checks on a forklift truck, shifting loads in a safe manner and safely shut down and secure equipment after completing operations.

Industry licensing information

This course will equip students with the correct qualifications to obtain the National High Risk Licence class LF. Students must apply and pay for this license separately with WorkSafe.

Certification

On successful completion of this course, students will receive a statement of attainment for the following nationally accredited units:

- TLILIC2001 Licence to Operate a Forklift Truck

Overview

Prerequisites

Participants must be a minimum of 18 years of age on the date of assessment.

You must have sound literacy and numeracy skills

(If you have language, numeracy or literacy concerns please discuss them with us PRIOR to the course commencing)

Important information

What to wear (PPE)

For the practical assessment all participants are required to wear appropriate work wear:

- long trousers
- wet weather gear, if required
- steel capped boots

Lodging a High Risk Work Licence Application:

On the successful completion of this course, YOU must send the high risk work licence application form to WorkSafe **within 2 months** of your assessment.

Failure to send your application to Worksafe within the 2 months will mean you have to be reassessed at an additional cost.

This application must include:

Completed 'WorkSafe WA Application for a Licence to Perform High Risk Work' form

2 copies of identification (primary & secondary)

2 passport sized photos attached to the form

A copy of your statement of attainment

Notice of Assessment given to you by the assessor on successful completion of your assessment and payment for licence fee.
