We cover the South West and Great Southern

We provide the training to equip you with the skills you need to get the job you want

By engaging with industry, we can ensure we are meeting the high standards required for training and assessing. This means on completion of your course, you can be sure you'll have the right skills and knowledge to do the job you've trained for.

Our highly skilled lecturers have worked, or still work, in their industry and have specialised training and assessing skills.

To help you secure your dream job, you'll receive a nationally recognised qualification that will be welcomed by business and industry.

*2021 Student Satisfaction Survey by Department of Training and Workforce Development.

Introduction

General Information

The Vocational Education and Training delivered to Secondary Students (VETdSS) program provides senior secondary students with the opportunity to integrate their traditional academic studies with a vocational education study pathway.

Successful completion of a vocational qualification provides students with credits towards a nationally recognised VET qualification that will give a competitive advantage to gain employment in their chosen career or undertake further training. Students who are enrolled in a VETdSS course attend a South Regional TAFE campus one or two days per week.

This booklet provides information on the range of qualifications being offered at South Regional TAFE Albany campus under the VETdSS program for 2023.

South Regional TAFE offers a range of courses and pre-apprenticeships as part of our VETdSS programs.

Information covered in this booklet includes; minimum entry requirements, delivery details, costs and uniform requirements (if applicable).

The VETdSS program pathway offers opportunities to:

- ▶ Develop your work, employability and life skills, whilst broadening your career options.
- ▶ Gain a realistic view of industry expectations and to develop industry specific skills.
- ▶ Improve your future employment prospects, your chances of selection for other training courses and can offer pathways into higher education in the future.
- ▶ Study in an adult learning environment.
- ▶ Gain nationally recognised VET qualifications and units of competency while completing your Western Australian Certificate of Education.
- ▶ Gain an understanding of the world of work, providing you with practical skills and valuable experience to assist with planning and pursuing your career pathways.

Who can apply?

Applications will be accepted from students who can meet the following criteria:

- ▶ Currently enrolled at a secondary school and commencing Year 11 or 12 in 2023;
- ▶ Will pass or have passed Year 10 with a 'C' grade average or with Curriculum Framework Level 3.5 or better (the Year 10 mid-year report **MUST** be included for application purposes);
- ▶ Have completed and passed the online literacy and numeracy assessment (NAPLAN or OLNA);
- ▶ Student application has been endorsed by their school;
- ▶ Meet Australian citizenship and/or visa requirements;
- ▶ Have not previously completed a Nationally Recognised VET qualification under the VET delivered to Secondary Students program.

How to apply?

- ▶ Submit an application online via a link on the South Regional TAFE website – southregionaltafe.wa.edu.au
- ▶ An applications booklet is located on the website for further information.
- ▶ Applications for 2023 programs, open on **Monday 25th July 2022**.
- ▶ Applications close on **Monday 15th August 2022**.
- ▶ Late applications and applications not submitted online (via email, post, phone call etc.) will not be accepted.

Competitive courses

Highly competitive courses may require an interview. Applicants are required to be available for an interview between **Monday the 4th to Friday the 16th of September 2022**.

Preparing for your interview

Prepare like you would for a job interview; bring a copy of your resume, any certificate or awards, portfolio if you have one. Extra experience in the chosen field will always help towards your application, e.g. volunteering, any work experience and hobbies.

Fees and Charges

Secondary school students undertaking VETdSS programs as part of their secondary education including pre-apprenticeships in schools are exempt from tuition, resource and enrolment fees.

However, depending on the chosen course students may be required to purchase a uniform, protective equipment, text books or trade equipment/tools/licences.

Note: *Some sub-class visa holders will be required to pay full-fees.*

Key program details and responsibilities

- ▶ Students attend their chosen campus 1 or 2 days a week for the allocated length of their course.
- ▶ For some Pre-apprenticeship courses, after the designated delivery requirements one of the TAFE attendance days will become a work placement day. The student will attend a work placement to put learnings into practice and gain industry experience, enhance knowledge and refine skills.
- ▶ You will experience learning in an adult environment with students of all ages and backgrounds.
- ▶ There is an expectation that when attending classes, you will assume greater responsibility for your own care and safety, as a responsible young adult.
- ▶ All students enrolled at South Regional TAFE are expected to adhere to the student code of conduct. (a copy is located on our website)
- ▶ Whilst attending South Regional TAFE, you are under the supervision of the lecturer taking the class.
- ▶ You will not be supervised during break times.
- ▶ You are expected to remain within the College grounds unless you provide your lecturer with written notification from your parent/guardian or school.
- ▶ You are responsible for your own travel arrangements to your chosen campus and work placement (if applicable).
- ▶ You are required to attend all your classes including those that may occur on a designated school pupil free day.
- ▶ Attendance is recorded and all absences are reported to your school. You are required to notify your lecturer if you will not be attending.
- ▶ You are expected to dress appropriately whilst on campus. Some courses have uniform requirements which must be adhered to or you may not be able to attend on that day. When special or protective clothing and/or footwear is required, it must be worn without exception.

Important COVID-19 Information

- ▶ To participate in live works training areas and work placements in industries covered by the COVID-19 mandatory vaccination policy, TAFE students are required to be double vaccinated. If eligible, students are also required to have a third dose of the COVID-19 vaccination, within a month of becoming eligible. Students will be required to provide evidence to TAFE of their vaccination status before attending work placement or participating in live works training area. Further details outlining the process to supply your evidence are available on the SR TAFE COVID-19 vaccination evidence page on our website.

Disclaimer

Programs are subject to minimum student enrolments and will only run if viable numbers are achieved. South Regional TAFE also reserves the right to alter delivery times and course content.

A young woman with brown hair tied back, wearing a black chef's hat, a white chef's jacket, and a dark blue apron, is smiling slightly and looking towards the camera. She is holding a large, shiny metal bowl with both hands. The background is a professional kitchen with stainless steel shelves, hanging pots and pans, and a sink area. The lighting is bright and even.

Pre-Apprenticeships in Schools

Course Offerings

Pre-Apprenticeships in Schools

Overview

What is the Pre-apprenticeship in schools program?

The Pre-Apprenticeships in schools (PAIS) program is a fantastic opportunity for students who are enrolled in the Western Australian Certificate of Education, to be one step ahead of other young people who want to undertake an apprenticeship. It is a school-based training program and is intended as a transition from school to an apprenticeship. It provides an introduction into the apprenticeship opportunities within various trades. Training commences with a mixture of College based training and actual work experience within the industry of choice. During this stage, students must continue attending school, undertake units of competency within the program whilst attending South Regional TAFE and be linked to an employer for work placement throughout the duration of the program, giving students exposure to the industry.

Why apply for the pre-apprenticeship in schools program?

- ▶ Students can undertake training within a desired industry whilst still completing their Western Australian Certificate of Education (WACE). The program provides subject equivalence towards a student's WACE;
- ▶ Enables students to make career decisions and provides pathways to an apprenticeship;
- ▶ Students receive credits for successful completion of units of competency undertaken; and
- ▶ A reduction in term may be considered if the student is successful in obtaining an apprenticeship.

Work Placement

Some qualifications include work placements to support the learning program. Each course in the booklet includes the work placement requirements. The program involves the completion of a logbook recording each day's attendance and summary of work tasks. The logbook is to be submitted at regular intervals throughout your course for validation and assessment. Students will be provided with more information about any work placement at the commencement of the course. Students are responsible for organising their own transport to and from the workplace.

Please note: Some of the pre-apprenticeship courses can require additional workplace hours that will need to be completed in the student's own time.

Certificate II in Plumbing [Plumbing Pre-Apprenticeship]

National ID: 52887WA State ID: AC56

Does your career pipe dream involve real pipes? Complete the Certificate II in Plumbing (Plumbing Pre-Apprenticeship) you'll be what employers are looking for as an apprentice plumber, roof plumber or gasfitter.

This course will provide you with the practical skills and knowledge required for a career in the plumbing and servicing industry. You will learn skills in basic plumbing, how to weld using oxy-acetylene and how to cut and join sheet metal.

This qualification includes a supervised work placement where students will be able to apply the skills and knowledge they have learned. A minimum of 150 hours work placement is required. Work placement is assessed as part of this course and students are required to complete a detailed log book.

Certificate III in Early Childhood Education & Care

National ID: CHC30113 State ID: J587

If you have a genuine interest and passion for the care and education of children up to the age of five then this expanding industry is for you. During this course, students will gain the knowledge and skills to work effectively as an educator, understanding children’s learning, providing learning support and identifying and responding to children at risk. You’ll also learn how to interact and foster the development of children while working within legal requirements and ensuring the children’s health and safety are not at risk. Our qualification will ensure you meet the high standards of education and care of children the industry demands.

As part of this course you will undertake a supervised work placement where you get to use the skills and knowledge you’ve learned. You will work closely with children from different backgrounds and cultures and provide care and support for them in various child care situations.

This qualification is designed to provide a range of practical skills, technical training and communication skills for a career in early child education and care, including roles such as:

- ▶ Early Childhood Educator
- ▶ Playgroup Supervisor
- ▶ Nanny
- ▶ Family Day Care Educator

Competitive entry

This is a competitive course and may require an interview.

- ▶ Available places: 14
- ▶ Available to: Year 11 ONLY

- ▶ Uniform for work placement

Further study options

- ▶ Diploma of Early Childhood Education and Care

Certificate III in Education Support

National ID: CHC30213 State ID: J588

If you are interested in helping grow the next generation, this qualification will provide you with the practical skills and knowledge to assist the teaching staff in schools and provide care and supervision for children from kindergarten to Year 10. You will learn how to implement planned education programs, assist students in their learning and development, contribute to the safety and health of students and support students with additional needs.

You will also learn how to work with children and young people at risk of harm, work effectively with culturally diverse students, families and co-workers and gain an introductory knowledge into working with children with special needs. As part of this qualification you will undertake a supervised work placement where you will be able to apply the skills and knowledge you have learned.

- ▶ South Regional TAFE sport shirt
- ▶ Clipboard
- ▶ Whistle

Further study options

- ▶ Certificate III in Outdoor Recreation
- ▶ Certificate III in Fitness

Certificate II in Health Support Services

National ID: HLT23215 State ID: AYY2

The course will enable you to work in the health or aged care sector in a variety of different environments such as a hospital assistant, patient services assistant, catering staff and ward assistant.

Throughout the course you will gain the knowledge and hands-on practical skills to work effectively with others in a team environment, communicate in the workplace and apply workplace health and safety and infection control practices. In addition, you will gain a range of skills that will enable you to work as a member of a team that provides support for the effective functioning of health services.

The Certificate II in Health Support Services can also provide you with a range of different study pathways to other courses in health including:

- ▶ Pathology collection
- ▶ Sterilisation services
- ▶ Health Services Assistance
- ▶ Individual Support
- ▶ Dental laboratory assisting
- ▶ Population Health

Competitive entry

This is a competitive course and may require an interview.

Certificate II in Retail Cosmetics

National ID: SHB20116 State ID: AZZ4

Do you have a passion for working with people and making them feel good about themselves? There are many opportunities that can lead to a rewarding career in the beauty or complementary therapies field.

This entry level qualification provides you with a range of skills to work in settings that provide direct services for clients.

Under the supervision of industry professionals, you will acquire the skills and knowledge required to consult with clients, analyse face and skin, and demonstrate how to apply make-up products to suit each individual client's needs or make-up brief.

On successful completion of this qualification you will have the skills needed to work as a retail sales assistant selling and demonstrating beauty and cosmetic products. This can include beauty and hairdressing salons, retail outlets and department stores.

Competitive entry

This is a competitive course and may require an interview.

- ▶ Available places: 14
- ▶ Available to: Year 11 and 12

Delivery Period

Day	Location	Duration
Friday	Albany	4 Terms

Commitment

Further study options

- ▶ Certificate III in Beauty Therapy

Certificate II in Salon Assistant

National ID: SHB20216 State ID: BAA3

Gain the skills to impress potential employers as a salon assistant, on your way to becoming a hairdresser. This preparatory qualification ensures students gain basic skills and knowledge used in hairdressing salons including shampooing, maintaining hairdressing tools, scheduling appointments, merchandising and work place health and safety. Students will be under direct supervision and guidance of hairdressers who manage the client service. The combined skills and knowledge do not provide for a job outcome as a hairdresser and this qualification is intended to prepare individuals for further training.

- ▶ Apprenticeship - Certificate III in Carpentry and Joinery

Certificate II in Autonomous Workplace Operations

National ID: 52845WA State ID: BGO44

Automation is the creation and application of technologies to produce and deliver goods and services with minimal human intervention. This course would appeal to students who have a keen interest in IT and robotics. The implementation of automation technologies, techniques and processes improve the efficiency, reliability, and/or speed of many tasks that were previously performed by humans.

The course intends to equip current and prospective workers with the underpinning knowledge and skills to demonstrate necessary awareness of what an autonomous workplace is, how it operates, what unique safety systems are present, how the human-machine interface operates and what, why and how data is used within such workplaces. It embraces an overview of the historical development of automation, an in-depth coverage of current automation and insight into some future extensions.

Successful completion of the course will provide students with an understanding of how to safely work within an autonomous workplace through interaction with simulated plant operations and robotics. A familiarisation to the control systems used within industry, the various programming techniques employed and the relevant industry standards governing such systems is also covered.

The course prepares students to be work-ready as a trainee or apprentice in an industry sector which is rapidly becoming more automated. Such industry sectors include, but not limited to; mining, refining and oil & gas.

Competitive entry This is a competitive course and will require an interview.

- ▶ Available places: 16
- ▶ Available to: Year 11 and 12

Delivery period

Day	Location	Duration
Friday	Albany	4 Terms
